## E. SESSION SUMMARY:

Issues of significance regarding Prime Minister Yeltsin's visit to the US on 15 and 16 June 1992 will include disarmament of nuclear war head missiles by both the US and the former Soviet Union. In particular, land verses submarine armament cutbacks will be debated. This issue will continue to be negotiated in terms of actual numbers for quite some time. Other issues of concern are economic reforms in Russia and Yeltsin's intentions for a market economy. Monetary aid by the US for projects of economic reform will assist in restructuring the Soviet territories.
